

Scholarship Opportunity

Association of Energy Engineers - Kansas City

Undergraduate Scholarship Sponsorship

The Kansas City Student Chapter of Association of Energy Engineers is looking for corporate sponsors of their scholarship fund. The chapter's goal is to award **two \$500 scholarships** to students from the chapter. The chapter currently includes students from both Rockhurst University and the University of Missouri Kansas City, and is looking to add additional students from area universities and colleges.

Currently they are working on a project to convert a gasoline-powered car to a fully electric drivetrain. Your donation will help students involved on projects such as these!

Your Monetary Sponsorship Includes:

- Business name and logo included in on scholarship award
- Recognition in AEE KC monthly chapter meeting
- Donation to scholarship is tax-deductible

If interested, please contact one of the board member's below.
